Canada's Only Exhibition Dedicated to the Technology and Innovation of Stone, Ceramic and Tile

The inaugural STONEX Canada held May 16-18 in Toronto was a great success. Supported by TTMAC (in full), Canada's largest industry association, the show brought together leading manufacturers, equipment suppliers, distributors, retailers, importers, exporters, distributors, buyers, and building professionals.

STONEX Canada was supported by Terrazzo Tile & Marble Association of Canada (TTMAC), Canada's largest industry association. The Show focused on stone, terrazzo, tile, ceramic, tool & equipment, machinery, kitchen & bath, adhesives & sealants, cleaning & restoration, and exterior applications.

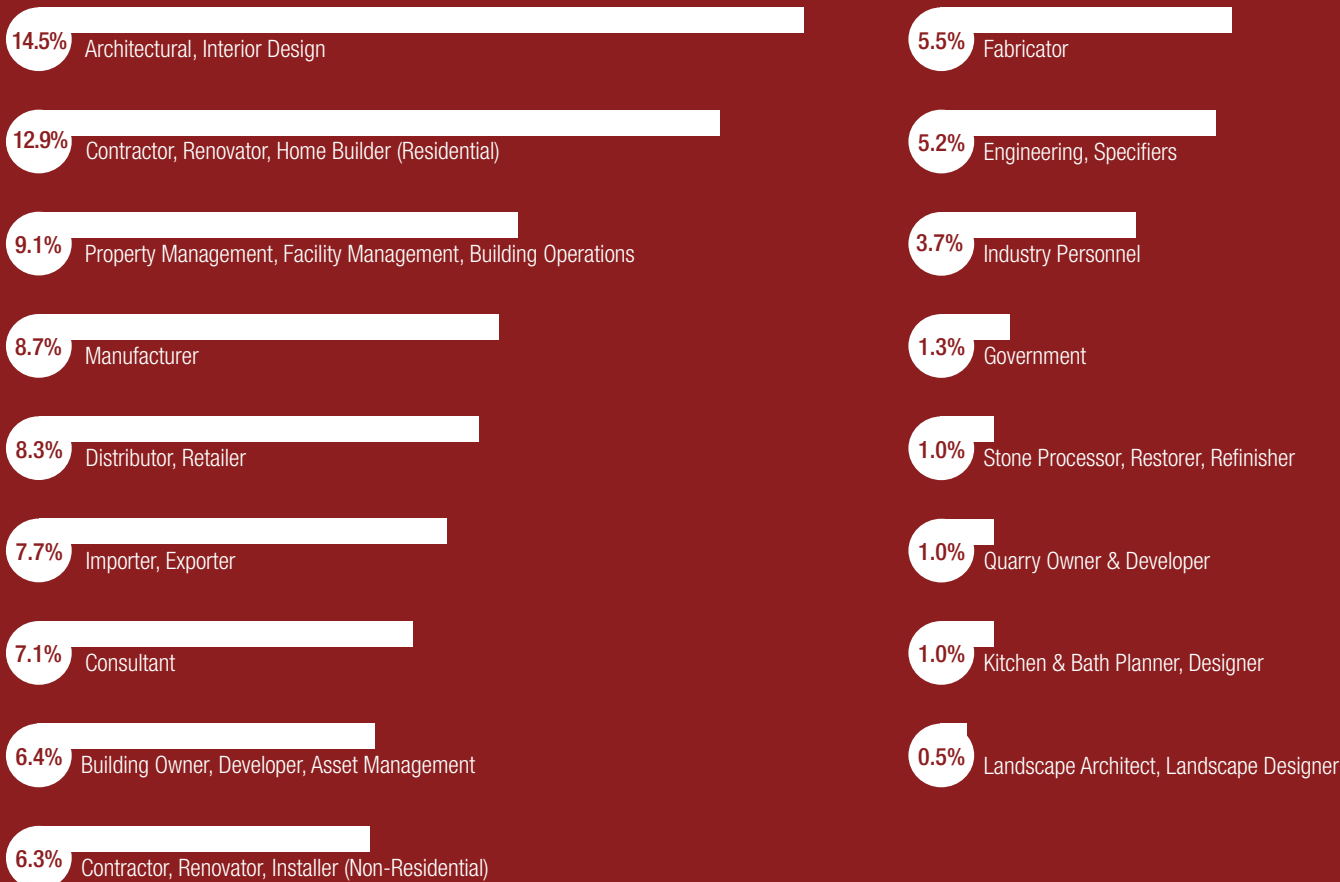

STONEX Canada was a three day trade show with educational seminars and demonstrations where industry leaders came to network, learn and share the latest in design and innovation for products, technologies, applications and best practices.
